...RTHING REPLIES TO SWEDEN'S KING

...egians Declare Separation Absolutely Necessary.

...SOLUTION WAS INEVITABLE

...Letter is of a Conciliatory Character and Hopes that the Swedish Government Will Accept Situation Without Bitterness.

...hristiana, June 21.—The address to ...g Oscar and the riksdag adopted ... the storthing yesterday and the ...edish people generally, in reply to ... ...ing letter which the king sent ... 13 to the president of the stor... ...r. M. Bernar is of a conciliatory ...acter. At the same time, however, ...dicates the unalterable determin... of the storthing to adhere to ...action taken in dissolving the ... with Sweden. The text is as ...ws:

...hat has been happening recent... Norway is the inevitable result ... combination of late political ... and cannot be altered, and as ... certain that neither of the two ...les is desirous of returning to the ...er conditions of union, the stor... if of the opinion that it ought ... to reconsider the various ques...ns of the constitution and publ...c ... that have brought up in your majesty's note to the storthing's president in connection with the resolutions adopted on which the storthing and the government have already expressed themselves in detail. The storthing recognizes fully your majesty's difficult position and never for a moment has doubted that your majesty's decisions are in accordance with what your majesty has regarded as the rights and duties of the crown. At the same time the storthing is desirous of addressing an appeal to your majesty, the riksdag and the people of Sweden, with the object of contributing to the carrying through of the dissolution of the union and the safeguarding of the friendship and concord of the two peoples of the peninsula. The storthing has seen from expressions of opinion in Sweden that the resolution which the storthing felt it to be its duty to the fatherland to adopt it declaring the union of the two kingdoms dissolved has in form and action been considered mortifying to Sweden. That has never been its intention. What has happened and had to happen in Norway was merely the inevitable maintenance of Norway's constitution right. The Norwegian people never intended to assail Sweden's honor. As your majesty in council May 26 declared you were unable to sanction the storthing's unanimous resolution for the establishment of a separate Norwegian consular service ... Norway was so far disjointed that ... union could no longer be maintained. Upon Norway's storthing ... was, therefore, imposed necessity of ...ocuring without delay a government ... the country. Every other course ... closed all the more so as your ...jesty's Swedish government had on ...il 25 already explicitly declared to ...er into new negotiations with disso... of the union as an alternative ...at it was found impossible to ar... an agreement in regard to a ...rm of government.

...e storthing, as already stated, ...e Norwegian people do not feel ...itterness or animosity against ...ajesty or the Swedish people. ...lements to the contrary which ... were uttered on Norway's po... ...n the Union and as that source ...ness and animosity would dis... with the dissolution of the ... effects would vanish. Nine... of co-operation in material ...llectual labors have awakened ...orwegian people feelings of ...friendship and sympathy for ...dish people. These feelings ... Norway no longer occupying ...offensive to her national in... ...once more grow apace and ...ntrance of a mutual under... ...between the peoples. In ... that the Swedish people ...ing the storthing may ... gests to Sweden's constitutional authorities that they enter upon the negotiations requisite for a final settlement on the dissolution of the union with the recognition of Nodway's new status and her rights as a sovereign state. The storthing is itself prepared to meet every fair and reasonable wish that may be put forward to safeguard the kingdom's independence and integrity. Constitutionally the two peoples will hence forth be separate but at the same time the storthing is fully convinced that this will lead to the development of a good and trustful relationship for the defense of their mutual interests.

"If the future settlement can be attained without bitterness and prejudice the storthing is convinced that what has happened will prove for the lasting welfare of the northern peoples. For the sake of the north the storthing addresses this appeal to the people who, by its magnanimity and chivalry has attained for itself such an eminent place among the nations and with which the Norwegian people desire most sincerely to maintain good relations."

MAY SURVIVE OPERATION.

Surgeons Sew Up Heart of Man Who Was Stabbed.

New York, June 21.—A stab wound was sustained by a young Italian who had punctured the wall of the heart and penetrated the right auricle, has been sewed up by surgeons at the Harlem hospital.

The operation is difficult and rare, but the patient is still alive and hopes are entertained that he will recover. The operation lasted 25 minutes. The subject for operation was Camillo Delano. He was stabbed during a saloon row. Companions walked him 12 blocks to the hospital.

Finding the fellow still alive despite such treatment, the surgeons hurried him to the operating table. To get at his heart they sawed off an inch and a half of the third right rib. The next task was the litigation of two arteries. It was then found that the right auricle of the heart had been seriously punctured, the width of the wound being about one quarter of an inch. This was closed with a single stitch and the usual dressings applied. Delano not only survived, but regained partial consciousness in a short time, and may recover.

Telephone Association Meets.

Chicago, June 21.—The ninth annual convention of the national interstate indepent Telephone association opened here today and will continue until Thursday. The delegates will endeavor to effect a strong central organization, which will result in complete harmony extending throughout the entire independent system. The possibility of establishing an independent company in New York city is an importat question which will come before the convention. Members of the association on Thursday will make observation trips for study and rest. On Thursday evening the association will attend a banquet at the auditorium hotel.

Roosevelt on Chinese Exclusion.

Washington, June 21.—President Roosevelt's letter to Secretary Metcalf regarding Chinese exclusion laws, though not published, is known to be characteristically vigorous. The president has followed these cases of harsh treatment to high-class Chinese closely and he has been made "indignant to use his own word. He asks Secretary Metcalf to find a way to stop the constant recurrence of such episodes. The one at Boston the other day is not regarded as by any means the worst. In fact, the immigration officers extended many personal courtesies to mitigate the severities of the law.

Secretary Hay at His Desk.

Washington, June 21.—Secretary Hay, who returned to Washington yesterday after a prolonged absence abroad was at his desk in the state department today. The secretary attended to a large amount of correspondence which had accumulated during his absence. He expects to leave in a short time for his New Hampshire home.

LITTLE LIKELIHOOD OF AN ARMISTICE

Unless President Roosevelt Interferes Along That Line.

JAPAN'S ARMY HAS ADVANTAGE

On Account of Peculiar Situation the Russians Do Not Believe that the Japanese Will Favor an Early Cessation of Hostilities.

St. Petersburg, June 20.—2:10 p.m. The only hope for an armistice pending the meeting of the peace plenipotentiary seems to rest with President Roosevelt and even that is considered slender. So far as known the president has not taken a positive step in this direction. The impression here continues strong that Japan only with great reluctance could be induced to forego the advantages of her strategic position was despite the tone of the official advices from the front is regarded as being altogether favorable to Field Marshal Oyama, and agree to a suspension of hostilities at least six weeks, during which time thousands of reinforcements would reach General Linevitch, and Vladivostok would be strengthened with munitions and supplies to withstand a siege.

Indeed, it is suggested that Japan deliberately planned to postpone the meeting long enough to give Oyama a chance to administer to the Russians a fresh defeat on land in order to rob the war party in Russia of their last card and facilitate acquiescence to her terms. Considering the situation, therefore, President Roosevelt's triumph will be all the greater if he could now succeed in crowning his work by agreement which would at least prevent another bloody battle pending the show of hands at Washington. At the British embassy the Associated Press was informed that Great Britain had not offered Japan any advice on the subject.

Brigadier General Barry and his colleagues in view of the prospects of a general engagement are hastening their round of official visits in order to get the front in time to witness something of the fighting. They have already called on several of the ministers. Tomorrow the American officers will be received in audience by the emperor at Peterhof.

News from Japanese Capital.

Tokio, June 20.—10 a. m.—Discussion of the meeting of the peace plenipotentiaries continues through Washington with indications of an early completion of the details. There has been a series of conferences through the elder statesmen and the cabinet to consider the conditions and discuss the selection of plenipotentiaries. It is thought to be possible to complete the details for the appointment of the plenipotentiaries and organize a staff of assistants in time for them to sail on the steamer Empress of India on June 30th, from Yokohama for Vancouver, B. C., (voyage of about two weeks). It is expected that the party will number a dozen.

Would Like to See Another Battle.

London, June 21.—While undoubtedly the people of England would like to see a general battle in Manchuria before an armistice is declared since it is felt certain that Field Marshal Oyama will score another victory.

The Associated Press is assured that the British government has not given Japan any advice as to what course to pursue, as alleged by the Novoe Vremya of St. Petersburg. In fact the government has done nothing beyond supporting President Roosevelt's effort to secure the earliest meeting of the peace plenipotentiaries and the submission by Japan of terms likely to be acceptable to Russia.

With overwhelming forces at his command, it is felt in military circles that Oyama is in a position to deliver a most crushing defeat to General Linevitch.

The recent movements of British cruisers in the Far East are taken to mean that the admiralty has again undertaken to notify the Russian cruisers of Foreign Minister Lamsdorff instructions that there is to be no further sinking of neutral ships. At any rate, ship owners are much relieved.

MODERN WOODMEN OF AMERICA.

Holding Biennial Convention at Milwaukee—700,000 Members.

Milwaukee, June 21.—The head camp of the Modern Woodmen of America opened its fourteenth biennial convention of the Davidson theater today with between 600 and 700 members representing over 11 camps and nearly 700,000 members, present. Mayor David S. Rose welcomed the delegates to the city. Head Consul A. R. Talbot, reported for his department. He favored the discontinuance of state head physicians. Appeals on behalf of 210 distressed members were received and the contributions were $21,949. He spoke in favor of the foresters' department and recommended the amendment of the by-laws prohibiting the local camps or foresters teams from holding Sunday picnics or excursions. He favored an interval of three or four years between the meeting of the head camp. During the biennial the new members numbered 121,639 and 1,482 new camps were chartered. The report of Head Clerk C. W. Hawes contained the following:

"The insurance in force at the close of the biennial term aggregates $1,136,678,500. The society paid 7,951 death claims amounting to $12,663,603, as against 5,960 claims amounting to $10,736,435 during the term preceding.

"The receipts of the benefit fund totalled $13,567,763 as against $7,750,985 during the preceding biennial. The balance at the close of the term was $807,587. The receipts of the general fund were $1,647,299, as against $1,503,011 during the preceding term, the balance being $289,994. The average per capita payement to the benefit fund was $1.26½ as against 80c during the term preceding.

WOMAN HURT AT BALL GAME.

But Could Not Recover Damages from the Management.

New York, June 21.—Persons who attended baseball games do so at their own risk, according to a decision just handed down by Civil Justice McLaughlin in a damage slut brought by a young woman who claims to have been injured by a foul ball. The complaint was an enthusiastic admirer of the game. On Sept. 3, 1904, while a spectator at the contest on the polo grounds between the New York National club and the Bostons, a foul ball smote her on the nose. The doctors saved her disfigurement, but suit was brought for damages in the sum of $500 against the New York club's management.

The complainant's counsel asserted that the management was responsible for everything that went wrong on the grounds, and that the woman's injury was clearly due to the lack of proper safeguards. The justice, however, ruled that those who entered the grounds do so at their own risk.

Eviction Causes Riot.

Cologne, Germany, June 21.—A serious collision occurred last night between the police and the populace of Chlodwigs Platz. The police received orders for the eviction of a tenant who was behind in the payment of rent for his house. An enraged crowd numbering thousands, assembled and some of the tenants of neighboring houses threw stones and other missiles at the police from their windows, while the crowd in front of the delinquent tenant's residence made riotous demonstrations. Finally the police drew their swords, but not before the rioting had lasted six hours. About 20 persons were wounded, two of them being severely injured.

Want America to Participate.

Washington, June 21.—The state department today received a dispatch from Mr. Gummere, minister to Morocco, transmitting a request from the government of Morocco that the United States participate in a conference upon the affairs of that country. The request is similar to that which has been sent to the other governments.

NEGRO IS SHOT TO DEATH FOR CRIME

Committed Assault Upon A Tennessee Woman.

BEGGED TO BE KILLED QUICKLY

Black Brute Was Taken to Scene of Crime and Confessed—He Suffered Great Agony from His Wounds but Didn't Beg for Mercy.

Nashville, Tenn., June 21.—A telegram to the Banner from Hohenwald, Tenn., says:

Simon Ford, the negro who committed an outrage on the person of a white woman near Riverside, was taken from the jail at Hohenwald about 4 o'clock yesterday afternoon by a mob of about 50 men and taken to the place where he had committed the crime, and there shot to death.

Ford was arrested Monday morning after being perhaps fatally wounded.

After his arrest he admitted his guilt and was later identified by his victim.

Ford was hauled to the scene of his crime, about 10 miles, and suffered great agony from his wound.

He asked to be killed the quickest way, and did not plead for his life.

WILL DELIVER AN ADDRESS.

President Roosevelt Leave the White House for Massachusetts.

Washington, June 21.—President Roosevelt will leave Washington at 9 o'clock tonight for Massachusetts to attend tomorrow and Thursday the commencement exercises of Clark university at Worcester and of Williams college at Williamstown.

The president will be accompanied by Secretary Loeb, Dr. P. M. Rixey, surgeon general of the navy; M. A. Latta, his personal stenographer, two secret service officers, and members of the Press Associations.

The president will be escorted to Clark university on arrival, where the commencement exercises will be held. He will make the principal address of the occasion. He expects to visit Holy Cross church at Worcester, and may deliver a brief address there.

Early in the afternoon the president will proceed to Williamstown, where the president will be the guest of President Perkins, of the Williams college. At the commencement exercises on Thursday President Roosevelt will receive the degree of doctor of laws and deliver an address.

Afterwards he will make an address to the general public. Early in the afternoon of Thursday the president and his party will leave for Washington.

Couldn't Face Serious Charge.

Lake Charles, La., June 21.—J. E. Joynton, a jeweler of Lake Arthur, La., committed suicide by shooting in the presence of a constable from Jennings, La., who was in the act of serving a warrant for Joynton's arrest charging him with criminal assault. The Rev. S. W. McClinton, a Baptist minister at Jennings, instigated the warrant for the man, alleging that his 15-year-old daughter was the victim. The persons concerned are prominent in this section.

Miners Fix Wage Scale.

Birmingham, Ala., June 21.—The conference between the scale committee of the United Mine Workers of District No. 20, and the committee of the commercial operators, which was called for today, was postponed until tomorrow morning, at the request of the miners. It is said that a scale has been practically agreed upon, which has been in operation during the past year.

Grafter Gets His Freedom.

St. Louis, June 21.—All the charges of perjury and bribery against Charles F. Kelly, former speaker of the house of delegates, have been nolle prossequied because Kelly had been used by the state and is physically and mentally run down.

GOVERNOR BROWARD MAKES APPOINTMENT

Names Five Leading Men of State on Board of Control.

THE MEMBERS ARE IMPARTIAL

The People of Gainesville Will Feel Perfectly Safe in Presenting Their Claims for the University and Know Board Will Treat Them Right.

A wire from Tallahassee last night gives the information that Governor Broward has appointed the following gentlemen on the Board of Control:

N. P. Bryan, Jacksonville; T. B. King, Arcadia; A. L. Brown, Eustis; P. K. Yonge, Pensacola; Nathaniel Adams, White Springs.

These gentlemen are prominent business and professional men of our State and our citizens feel perfectly safe in presenting our claims for the seat of the State University to such a board.

The Board of Control, as per the Buckman bill, is composed of ten members, and by virtue of their official positions the following gentlemen were already members of the board:

Governor N. B. Broward, State Treasurer Wm. V. Knott, Attorney-General Wm. H. Ellis, Secretary of State H. Clay Crawford and State Superintendent of Public Instruction William M. Holloway.

GAINESVILLE FURNITURE CO.

This Firm Offers Tremendous Bargains for the Next Few Days.

As will be seen by a full page announcement elsewhere, the Gainesville Furniture Company will be offering wonderful bargains in furniture and housefurnishings for the next few days. Beginning tomorrow, June 23d, and continuing until July 3d, this firm will offer as a special inducement to cash customers a discount of 20 per cent, which means a great deal. Read the advertisement for particulars.

The Gainesville Furnitnre Company is comparatively a new concern here, but notwithstanding this, the firm has enjoyed a remarkable success. This is due largely to the fact that their goods are always up to the standard and their prices are right, and no customer ever leaves their store dissatisfied. The business is under the personal direction of C. C. and D. D. Powell, furniture men of experience, and this alone is an assurance that every article purchased from this firm must be just right. These gentlemen are not here for a week or a month, but have come to Gainesville to remain, and propose to treat all customers fairly and sell them goods at living profit. They have one of the largest and most up-to-date lines of furniture and household goods in the State, and are anxious to serve the public.

FOR CRUELTY TO WIFE.

Champion Roberson Arrested by Marshal Pinkoson on Serious Charge.

Upon a complaint made out by neighbors, who declare that Champion Roberson is a wife-beater, Roberson was arrested by Marshal Pinkoson Wednesday morning and was placed under a bond of $10 for his appearance in the mayor's court.

Neighbors declare that Roberson treats his wife shamefully and cruelly and that the woman is so forbearing she would not report the matter to the police. The matter will be sifted down to a fine point this morning.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Will Make Home Here.

Mr. Jolly of North Carolina has arrived in the city and is so well pleased with Gainesville and this section that he has decided to make his home here. He is a friend of A. O. Steenburg, who induced him to pay Gainesville a visit.

Mr. Jolly will be welcome as a citizen and it is to be hoped he will be well pleased here.

WALLACE WANTS TO RESIGN.

Chief Engineer of Panama Canal Construction Sick of Job.

Colon, June 21.—It was publicly announced that J. F. Wallace, chief engineer for the canal zone, who sailed for the United States June 16, was going home by order of Secretary Taft, for the purpose of a consultation on important matters prior to the sailing of the secretary for the Philippines, and that he was not likely to return to the isthmus until his annual report had been written and he had secured a rest.

Since the departure of Mr. Wallace, however, it has been said in influential circles that he does not intend to return to the isthmus to resume his position of chief engineer, but that he has gone home to confer with Secretary Taft on the subject of his resignation. The fact that Mr. Wallace went home, accompanied by his wife and two secretaries, seems in some quarters to lend credence to the rumor that he does not intend to return.

Fighting for Woman's Life.

Windsor, Vt., June 21.—It is reported here that a writ of habeas corpus in behalf of Mrs. Mary M. Rogers, whose execution for the murder of her husband is fixed for Friday next, has been granted at Brattleboro, by Judge Wheeler, of the United States district court. According to the report, the prison officials will be required to produce the woman in court in this town at 2 o'clock on Wednesday, only 48 hours before the time set for her execution. It is said that the state will be required to show that Mrs. Rogers is not illegally restrained of her liberty.

Silver Service for New Ship.

Washington, June 21.—When the battleship Tennessee shall have been completed she will be sent by the government to New Orleans where she will receive a magnificent silver service to be presented on behalf of the citizens of Tennessee. Representative Gaines, of that state, called on the president and made the request. The president complied readily and directed Secretary Morton to arrange the matter. The silver service as well as the battleship will rank among the finest in the United States navy.

Infant's Body Found in Creek.

Fitzgerald, Ga., June 21.—So far the officers have been unable to find any clew to the person or persons responsible for the presence there or having any knowledge of the death of the baby whose dead body was fished up in a creek south of here the first of the week. The circumstances look ugly, as the little corpse was tied up in a sack that contained several bricas and a quantity of sand, though the motion of the water in the creek could have carried the latter through the open meshes of the sack.

MELON MOVEMENT ON GAINESVILLE & GULF

Twenty-Seven Solid Cars Passed Through Gainesville

OVER THIS POPULAR ROUTE

Cantaloupe Crop Succeeded by Watermelons, and Indications Are That Movement Will be Brief But Heavy. Fruit Is Exceptionally Fine.

The cantaloupe movement has been succeeded in this section by the shipment of watermelons, and indications are that the production will be larger the present season than for many years.

The Gainesville and Gulf Railway moved from the section south of Gainesville Tuesday twenty-seven solid carloads of watermelons. They came from the various growers along the line of this famous trucking belt, and inasmuch as the bulk of the shipments were of choice varieties, the chances are that the fruit will bring good prices, if the markets are not glutted.

It has been conservatively estimated that there will be in the district traversed by the Gainesville and Gulf in the neighborhood of five hundred cars of melons. This section is also the boss cantaloupe section of the State, and every year, including the Gainesville section, several hundred carloads of this delicious fruit are shipped to the Northern markets.

It is estimated that the watermelon movement, like the cantaloupe, will be brief but heavy.

Cures Old Sores.

Westmoreland, Kans., May 5, 1902. Ballard Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Mifflin Co., Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by W. M. Johnson.

Big Run on an Ohio Bank.

Akron, O., June 21.—There was considerable excitement here over the continued big run today on the Second national bank, the run starting Saturday afternoon. One of the depositors saw the daughter of one of the officials of the bank withdrew her deposit, and from this the rumor started that something was wrong; $500,000 has been withdrawn since Saturday afternoon. The officials are not trying to stop the run, but are paying out as the depositors call for their money.

...ECUTION WAS ABSENT

...e Was One in Which the Two ...mans and Barney Harris Were ...rged With Murder—Killed Negro ...rder to Save Their Lives.

There was quite an aggregation of Micanopy folks in this city Wednesday, many of whom were attracted here on account of the case of the State vs. C. H. Crisman, George Crisman and Barney Harris, all of whom were charged with murder.

The defendants were on hand promptly at the appointed hour in Judge Mason's court, but inasmuch as no witnesses appeared for the prosecution in the preliminary hearing, the case was dismissed.

It will be remembered that a few nights ago Mr. Crisman, who is marshal of the town of Micanopy, endeavored to break up and disperse what the neighbors termed a disorderly crowd of colored people at a Saturday night dance. The hour was nearing midnight, and those residing in the vicinity of the dance hall complained to Marshal Crisman that the same was a nuisance, and asked him to stop it. He proceeded to the place, and it is said one John Wilkerson secured a gun and threatened Mr. Crisman, grappled with him, and in the meantime Wilkerson was discharged. About that time the other defendants came upon the scene, and it was necessary to kill the negro in order to protect his own life.

Marshal Crisman and the defendants were completely exonerated in the dismissal of the case.

THE NINE-HOUR DAY.

Some Contractors Now Working Men on This Liberal Basis.

It will be remembered that several weeks ago the Carpenters' and Joiners' Union of America, Gainesville union, passed a resolution adopting a nine-hour day, beginning July 1.

It is understood that a few of the contractors have already complied with the resolution, which is evidence that the contractors are desirous of meeting the carpenters and joiners on a fair basis. One contractor who is working several carpenters adopted the plan several days ago, with the result that those employed are perfectly satisfied.

It is understood that there is a movement on foot to organize a union among the colored carpenters, and that this union will be organized in a few days.

Just What Everyone Should Do.

Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

North Gainesville's Fourth.

The good people of North Gainesville are making big preparations for their Fourth of July celebration and picnic and propose to give the people of Gainesville a lesson in patriotism that our people do not seem to have sufficient interest to manifest.

The celebration will take place under the spreading oaks near the store of Henry Ramsey, where dinner will be spread. The program will comprise athletic exercises of all kinds and the promoters are looking forward to a big time.

A cordial invitation is extended to the public. Let every patriotic citizen who can come do so and bring a well-filled basket.

This Was Some Melons.

The melon movement from this State is now at its height, hundreds of cars being shipped out of the State each week.

A gentleman who arrived in this city from Lawtey Tuesday stated that on Monday 60 solid carloads of watermelons passed that point from the South en route North.

This was "some melons."

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes: "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. Johnson.

Supper at Rochelle.

The good people of Rochelle, with commendable energy, expect to hold an ice cream festival at Martha Perry Institute in that town Friday night, the proceeds from which will be used in paying insurance on the school piano and furniture.

The public is cordially invited, and a pleasant evening is assured all who attend.

Refreshments will be sold at reasonable prices.

Acute Rheumatism.

Deep tearing or wrenching pains, occasioned by getting wet through, worse when at rest, or on first moving the limbs, and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City, Ill., writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." Sold by W. M. Johnson.

Portland Cement Walks.

The new cement walks recently put down in front of the stores of G. W. Hyde and W. S. Dorsey & Co. present a very fine appearance, and are the best of the kind ever laid in the city. The walks were put down by A. L. Craig, who recently came here from the East and expects to remain here permanently and engage in this work. He puts the walks down in a thorough manner and uses the best material, and there is no doubt they will become very popular here.

Sprained Ankle, Stiff Neck, Lame Shoulder.

These are the common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale by all druggists.

Espanola Case Up for Review.

In the United States Court at Jacksonville Tuesday, in the case of the Espanola Lumber Company, bankrupt, the referee's report on the claim of the Knickerbocker Trust Company was received with a petition of the Knickerbocker Trust Company for a review by the court. The matter will now go to Judge Locke for decision.

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

Convict Had Valet in Jail.

Middlebury, Vt., June 21.—Testimony introduced at the trial of Henry McCormack, who is charged with having broken from the Middlebury jail while awaiting trial on a charge of forgery, brought out the fact that J. W. Ketcham, the federal prisoner who is serving a 7-year sentence at the jail for the part he took in wrecking the Farmers' national bank at Vergennes, had been allowed to serve as a turnkey, has had access to the keys of the jail and has even been allowed the unusual prison luxury of a valet.

King and Queen See Races.

London, June 21.—The king and queen, the Prince of Wales, and most of the leaders of society attended the Ascot race meeting today. The royal procession with the house party at Windsor castle consisted of eight carriages, preceded by scarlet liveried out-riders with postillions in the Ascot state livery—dark blue and gold. The course was reached in a drizzling rain, but an immense crowd gathered to welcome the royal family.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

Prevent

As Well As Cure

Headache

If subject to headache, take Dr. Miles' Anti-Pain Pills when you feel the first indication of an attack, and you will find that they rarely ever fail to stop further progress.

Pain weakens the nerves, and the longer you suffer, the more frequent will be the attacks.

On the contrary, if the nerves are relieved of this weakening influence, the attacks will be less frequent, and finally disappear altogether.

Dr. Miles' Anti-Pain Pills contain no opium, cocaine, morphine or chloral in any form. They are absolutely harmless if taken as directed, and will have no other effect, except to drive out the pain.

"Dr. Miles' Anti-Pain Pills are all right, and I can recommend them to any one in need of a remedy for headache, neuralgia, or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from that trouble as I used to. They never fail to give relief in a few minutes, and if taken promptly on the approach of headache will prevent an attack from coming on. Pain Pills prevent, as well as cure."

MRS. WM. PEDRICK, Gloversville, N. Y.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

The Florida coasts can afford to give Northern watering places cards and spades, and any tree in a Florida city yard makes a cool enough summer resort. The rest is all "fashion."—Jacksonville Times-Union.

The disbarment proceedings brought against Attorney Otis R. Parker of Jacksonville was heard before Judge Call on Tuesday, and after a brief lecture by his honor for being too zealous in assisting in selecting a jury in the Bradford murder case, the proceedings were dismissed.

Every resident of Lake City is telling why the University should be located at that place. One of the reasons is that if the State has the land to fall back on its hands that was purchased for university purposes, it could never be sold again to any one for a quarter what the State had to pay for it.

COME TO FLORIDA.

The general crop reports from different parts of the State of Florida so far this season would indicate that—in nearly every line the farmers have been very successful, and where there has been any complaint it is mainly on account of lack of proper facilities for shipping their crops to the markets. While this has been a great drawback to some, it is being overcome every year, and in a few years we will have every convenience for moving crops with all necessary rapidity.

Plenty of good farming lands are to be had at low prices, and there has never been a time when there was a complete failure of crops, or any dire calamity that left the tillers of the soil in complete destitute circumstances. If one crop should not bring forth its anticipated revenue, there are others that will produce sufficient for a farmer to subsist on, so that few, if any, are ever driven to want.

Many are of the impression that the weather is too warm to be bearable, an impression which is not borne out by the facts. The cool evenings are preferable to the hot ones in the North, and by reference to the weather report in The Jacksonville Times-Union of June 20th, it will be noticed that on the evening of June 19th, when the mercury stood at 82 degrees at 8 p. m. in Detroit, Mich., it was only 80 degrees above at Jacksonville, Fla. This is often the case.

There is no need to leave Florida in the summer, if you desire an outing, for the seashore and the many beautiful lakes afford a most enjoyable place to go for recuperation, and you can find such spots all over the State. If you desire a place to make a home in which to enjoy life, come to Florida.

WE ARE READY.

The following paragraphs were taken from The Daily News of Pensacola:

"It begins to look as though the time might come when Gainesville and Lake City would be invited to appoint plenipotentiaries to arrange terms of peace. In that case let them meet in Pensacola to talk it over."

"It is more than probable that the Lake City and Gainesville newspapers are allowing themselves to get unduly excited over the question of deciding upon the location of the State University. It is more than likely that the gentlemen who will have the authority to settle this point will feel it to be their duty to turn a deaf ear to all the newspaper clamor, and after weighing the subject carefully and basing their judgment upon facts within their own personal knowledge, decide as they think best for the people of the State as a whole."

So far as The Sun is concerned, we have only done what we thought to be for the best interests of education in the State of Florida in a calm and orderly manner. In all we have said the majority of the people of the State have sustained us. As to the reputation of Gainesville, we still maintain that she has no superior in the State—a city to which every fair-minded Floridian can point with pride.

There is no occasion for arbitration, for we are at peace with the world. But if there was any occasion for mediation on the part of neutral powers, there would be no objection on our part to having The News as arbiter.

The action of the State Convention of County Commissioners, in session at Orlando Tuesday, shows the general sentiment of the people of the State regarding the location of the University. The people are familiar with the situation, and know the sentiment that prevails in this city regarding educational matters, and the past high standard of the East Florida Seminary has done much to cause them to place their faith in Gainesville.

REWARD OFFERED.

The officers and people of Hillsborough county are thoroughly aroused over the dastardly crime committed near Plant City, and at a meeting of the Board of County Commissioners held Monday afternoon, the following preamble and resolution was offered:

"Whereas, A most dastardly crime has been committed in the assassination of O. M. Brannen near Plant City on June 12, 1905, a crime deplored by all good citizens, and

"Whereas, This board deems it their duty, backed by public opinion, to offer a reward for the apprehension and conviction of the assassin or assassins; therefore, be it

"Resolved, By the Board of County Commissioners of Hillsborough county, Florida, that Hillsborough county hereby offers a reward of one thousand dollars for the apprehension, arrest and conviction of each of the murderers of O. M. Brannen."

The reward offered is a large one, and the citizens of Hillsborough county are deserving of credit for their efforts to try and bring to justice the guilty parties who perpetrated this foul murder. It is sincerely hoped the perpetrators may be apprehended and made to suffer for this most cowardly murder.

The reunion of the Confederate Veterans at Louisville was one of the happiest events in the lives of the old battle-scarred veterans. They met to meet old comrades who had stood shoulder to shoulder in the conflict, battling for their rights, and although they have no pensions to expect, no political preferments, they only meet to cement the old bond of comradeship formed during the sixties, which is the strongest that exists among men of any country on the face of the earth. No fraternity is stronger than that of "comrades-in-arms."

...D COUNTY ...DRY AS A BONE

That County Tuesday ...cess for Temperance.

...RITY WILL REACH TO 300

...er a Hard and Strenuous Campaign Election Came to Close—Every Precinct in County Said to Have Voted Dry—Saloons Close Today.

The wet and dry election in Bradford county, which was pulled off Tuesday after an exciting and strenuous campaign on the part of both sides, resulted in a decided victory for the drys, to whom the wets concede a majority in the county of about 300.

It is stated that every precinct in the county went dry, although the vote in some was rather close. In Starke, the county seat, the majority for the drys was only three, while Lawtey piled up the same result.

A letter from Starke to a party in this city, dated the 21st inst., bears information that the saloons will close at noon today.

With the success of the drys in Bradford every county from Duval to the Gulf at Cedar Key will be dry and those who desire to refresh themselves with a little "enthusiasm" will find it necessary to purchase tickets to Jacksonville.

GEORGIA EDITORS MEET.

Holding Their Annual Session in Cordele, Ga.

Cordele, Ga., June 21.—About one hundred members of the Georgia Weekly Press association have arrived to attend the annual convention, which opens at the opera house today with an interesting program. It is expected that about 70 more members will be here.

The entertainment committee met the trains as they came in with hacks and the delegates were hustled off to the homes in which they will be entertained while guests of the city of Cordele.

The delegation brought a number of ladies along with them and these will be taken charge of by the ladies of the city. The decorations in the business section are more elaborate than have ever been seen in Cordele before. Many residences ar ealso decorated with flags. All arrangements have been perfected for the city's part of the gathering and there is nothing left for the editors but to enjoy themselves.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

Defaulter and Suicide.

Providence, June 21.—The sequel to the suicide of Irving H. Potter, the former society man, whose body was found in the Pawtucket river, was furnished when it became known that he was a defaulter with the firm for which he had worked for 25 years. Confronted with exposure and punishment for his crime, he chose death. Potter was employed as a bookkeeper for the firm of Oliver Johnson & Co. He disappeared from his home and later his hat and overcoat were found in a canoe that he had hired.

Shriners Meet at Niagara.

Niagara Falls, N. Y., June 21.—The thirty-first annual gathering of the imperial council, Ancient Arabic Order of the Mystic Shrine, opened here today with a very large attendance, thousands of Shriners from all sections of the United States and Canada being present. The order numbers about 100,000 members. The city was handsomely decorated. The imperial council was escorted to its meetings place, the International theater, by uniformed Arab Patriots.

Heavy Rains in Ohio.

Columbus, O., June 21.—Continued rains early today with heavy thunder storms have flooded many fields throughout central Ohio and reports show that corn is badly damaged. At Spencerville, Allen county, 50 or more oil well rigs were blown down and a number of houses and barns wrecked.

A WONDER OF RANGUN.

The Great Shoay Dagon Pagoda Covered With Pure Gold.

Rangun, the principal city of Burma, grew up around the sacred spot on which is built the great Shoay Dagon pagoda, one of its principal wonders. "Rising to a height of 369 feet, its size is greatly enhanced by the fact that it stands on an eminence that is itself 166 feet above the level of the city," says a writer. "It is covered with pure gold from base to summit, and once in every generation this gold is completely renewed by public subscription. Yet throughout the interval the process of regilding goes on perpetually. Pious people who seek in this way to express their veneration and to add to their store of spiritual merit climb up daily with little fluttering packets of gold leaf, which they fasten on some fraction of its great surface. There is no more picturesque sight offered by it than that of a group of these silken worshipers outlined high against its gold in the act of contributing their small quota to its splendor. The pagoda itself has no interior. It is a solid stupa of brick raised over a relic chamber."

His Brethren.

Smart Pastor—My congregation is made up mostly of fools. Parishioner—Ah, that explains it! Smart Pastor—Explains what? Parishioner—Your habit of addressing them as "beloved brethren."—Cleveland Leader.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by all druggists; price 50c.

The disbarment proceedings brought against Attorney Otis R. Parker of Jacksonville was heard before Judge Call on Tuesday, and after a brief lecture by his honor for being too zealous in assisting in selecting a jury in the Bradford murder case, the proceedings were dismissed.

Every resident of Lake City is telling why the University should be located at that place. One of the reasons is that if the State has the land to fall back on its hands that was purchased for university purposes, it could never be sold again to any one for a quarter what the State had to pay for it.

COME TO FLORIDA.

The general crop reports from different parts of the State of Florida so far this season would indicate that in nearly every line the farmers have been very successful, and where there has been any complaint it is mainly on account of lack of proper facilities for shipping their crops to the markets. While this has been a great drawback to some, it is being overcome every year, and in a few years we will have every convenience for moving crops with all necessary rapidity.

Plenty of good farming lands are to be had at low prices, and there has never been a time when there was a complete failure of crops, or any dire calamity that left the tillers of the soil in complete destitute circumstances. If one crop should not bring forth its anticipated revenue, there are others that will produce sufficient for a farmer to subsist on, so that few, if any, are ever driven to want.

Many are of the impression that the weather is too warm to be bearable, an impression which is not borne out by the facts. The cool evenings are preferable to the hot ones in the North, and by reference to the weather report in The Jacksonville Times-Union of June 20th, it will be noticed that on the evening of June 19th, when the mercury stood at 82 degrees at 8 p. m. in Detroit, Mich., it was only 80 degrees above at Jacksonville, Fla. This is often the case.

There is no need to leave Florida in the summer, if you desire an outing, for the seashore and the many beautiful lakes afford a most enjoyable place to go for recuperation, and you can find such spots all over the State. If you desire a place to make a home in which to enjoy life, come to Florida.

WE ARE READY.

The following paragraphs were taken from The Daily News of Pensacola:

"It begins to look as though the time might come when Gainesville and Lake City would be invited to appoint plenipotentiaries to arrange terms of peace. In that case let them meet in Pensacola to talk it over."

"It is more than probable that the Lake City and Gainesville newspapers are allowing themselves to get unduly excited over the question of deciding upon the location of the State University. It is more than likely that the gentlemen who will have the authority to settle this point will feel it to be their duty to turn a deaf ear to all the newspaper clamor, and after weighing the subject carefully and basing their judgment upon facts within their own personal knowledge, decide as they think best for the people of the State as a whole."

So far as The Sun is concerned, we have only done what we thought to be for the best interests of education in the State of Florida in a calm and orderly manner. In all we have said the majority of the people of the State have sustained us. As to the reputation of Gainesville, we still maintain that she has no superior in the State—a city to which every fair-minded Floridian can point with pride.

There is no occasion for arbitration, for we are at peace with the world. But if there was any occasion for mediation on the part of neutral powers, there would be no objection on our part to having The News as arbiter.

The action of the State Convention of County Commissioners, in session at Orlando Tuesday, shows the general sentiment of the people of the State regarding the location of the University. The people are familiar with the situation, and know the sentiment that prevails in this city regarding educational matters, and the past high standard of the East Florida Seminary has done much to cause them to place their faith in Gainesville.

REWARD OFFERED.

The officers and people of Hillsborough county are thoroughly aroused over the dastardly crime committed near Plant City, and at a meeting of the Board of County Commissioners held Monday afternoon, the following preamble and resolution was offered:

"Whereas, A most dastardly crime has been committed in the assassination of O. M. Brannen near Plant City on June 12, 1905, a crime deplored by all good citizens, and

"Whereas, This board deems it their duty, backed by public opinion, to offer a reward for the apprehension and conviction of the assassin or assassins; therefore, be it

"Resolved, By the Board of County Commissioners of Hillsborough county, Florida, that Hillsborough county hereby offers a reward of one thousand dollars for the apprehension, arrest and conviction of each of the murderers of O. M. Brannen."

The reward offered is a large one, and the citizens of Hillsborough county are deserving of credit for their efforts to try and bring to justice the guilty parties who perpetrated this foul murder. It is sincerely hoped the perpetrators may be apprehended and made to suffer for this most cowardly murder.

The reunion of the Confederate Veterans at Louisville was one of the happiest events in the lives of the old battle-scarred veterans. They met to meet old comrades who had stood shoulder to shoulder in the conflict, battling for their rights, and although they have no pensions to expect, no political preferments, they only meet to cement the old bond of comradeship formed during the sixties, which is the strongest that exists among men of any country on the face of the earth. No fraternity is stronger than that of "comrades-in-arms."

...ITY WILL REACH TO 300

...er a Hard and Strenuous Campaign Election Came to Close—Every Precinct in County Said to Have Voted Dry—Saloons Close Today.

The wet and dry election in Bradford county, which was pulled off Tuesday after an exciting and strenuous campaign on the part of both sides, resulted in a decided victory for the drys, to whom the wets concede a majority in the county of about 300.

It is stated that every precinct in the county went dry, although the vote in some was rather close. In Starke, the county seat, the majority for the drys was only three, while Lawtey piled up the same result.

A letter from Starke to a party in this city, dated the 21st inst., bears information that the saloons will close at noon today.

With the success of the drys in Bradford every county from Duval to the Gulf at Cedar Key will be dry and those who desire to refresh themselves with a little "enthusiasm" will find it necessary to purchase tickets to Jacksonville.

GEORGIA EDITORS MEET.

Holding Their Annual Session in Cordele, Ga.

Cordele, Ga., June 21.—About one hundred members of the Georgia Weekly Press association have arrived to attend the annual convention, which opens at the opera house today with an interesting program. It is expected that about 70 more members will be here.

The entertainment committee met the trains as they came in with hacks and the delegates were hustled off to the homes in which they will be entertained while guests of the city of Cordele.

The delegation brought a number of ladies along with them and these will be taken charge of by the ladies of the city. The decorations in the business section are more elaborate than have ever been seen in Cordele before. Many residences ar ealso decorated with flags. All arrangements have been perfected for the city's part of the gathering and there is nothing left for the editors but to enjoy themselves.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Defaulter and Suicide.

Providence, June 21.—The sequel to the suicide of Irving H. Potter, the former society man, whose body was found in the Pawtucket river, was furnished when it became known that he was a defaulter with the firm for which he had worked for 25 years. Confronted with exposure and punishment for his crime, he chose death. Potter was employed as a bookkeeper for the firm of Oliver Johnson & Co. The order numbers about 100,000 members. The city was handsomely decorated. The imperial council was escorted to its meetings place, the International theater, by uniformed Arab Patriots.

Heavy Rains In Ohio.

A WONDER OF RANGUN.

The Great Shoay Dagon Pagoda Covered With Pure Gold.

Rangun, the principal city of Burma, grew up around the sacred spot on which is built the great Shoay Dagon pagoda, one of its principal wonders. "Rising to a height of 380 feet, its size is greatly enhanced by the fact that it stands on an eminence that is itself 166 feet above the level of the city," says a writer. "It is covered with pure gold from base to summit, and once in every generation this gold is completely renewed by public subscription. Yet throughout the interval the process of regilding goes on perpetually. Pious people who seek in this way to express their veneration and to add to their store of spiritual merit climb up daily with little fluttering packets of gold leaf, which they fasten on some fraction of its great surface. There is no more picturesque sight offered by it than that of a group of these silken worshipers outlined high against its gold in the act of contributing their small quota to its splendor. The pagoda itself has no interior. It is a solid stupa of brick raised over a relic chamber."

Saturday night, at H. D. Evans & Co.'s turpentine still near Lake City, an altercation arose between Henry Scofield and Joe Hampton over a game of cards. As usual on such occasions the ever-ready pistol was brought into use with the usual result that Scofield was instantly killed and Hampton departed for parts unknown. Both colored.

Policeman Tucker of Jacksonville was shot at an early hour on Tuesday morning by an unknown negro. The bullet passed through the policeman's shoulder and struck the spinal column, partial paralysis resulting. A patrol wagon had been called, and while waiting the negro deliberately pulled a revolver and shot, then made his escape.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CHARGED WITH GRAFTING.

Serious Complaint is Made Against New York Teachers.

New York, June 21.—The remarkable charges that the teachers in the Wadleigh school in the West Forty-fourth street school have used their positions to increase their incomes through unnecessary private tutoring are being formulated, according to the World. Parents of some of the girl students assert that several hundred dollars a week have been exacted in fees at the rate of $2 an hour, it being intimated that the students' markings were purposely tampered with and that they were purposely marked "backward" when they are actually proficient.

The school is a public institution. Most of the pupils prepare there for the teacher's training school. The course was recently lengthened by the board of education from three to four years.

The cherished hope of nearly every Wadleigh student is to teach in Manhattan. Unless they can get their certificates at the school, they are compelled to take a course in the state Normal school and later pass a difficult examination.

An investigation privately made by the father of one girl whose "backwardness" in algebra required private tutorship indicated, he alleges that out of 3,200 pupils 10 per cent have been declared "backward" in some study, and pay an average of $1.75 per hour for "private" tutorage.

The authorities in charge of the High school indignantly deny the charges.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these tablets, get well and stay well? For sale by all druggists.

Students Go to Cut Wheat.

New York, June 21.—Two parties of college students one from Troy Polytechnic, the other from Malone, N. Y., will start for the wheat fields of Kansas in a few days with the first division of the laborers sent out by the free employment bureau in this state. Appeals have come from Kansas fields to employment bureaus for 40,000 men. About one hundred and fifty men will compose the first party to go from this city. It includes, besides the college men, teachers, clerks and others of sedentary habits who believe their health will be benefited by life in the wheat fields.

Tax on Babies.

Extreme hot weather is a great tax upon the digestive power of babies. When puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. Sold by W. M. Johnson.

MOLIERE'S COURAGE.

Pathetic Story of the Dramatist's Last Stage Appearance.

There is a pathetic account of Moliere's last appearance which shows the supreme courage which sickness could not dissipate and which was a part of him till death. His health had long been failing and he had suffered for years with a distressing cough, which rapidly became worse. On the day of the third presentation of "La Malade Imaginaire," 1673, he was so ill that his wife and friends entreated him not to perform. But he was deaf to their appeals. "What can I do?" he said. "There are forty workmen who have only their daily pay to live upon, and they will lose that if I do not act. I should reproach myself if I neglected to give them their bread for a single day." Though more than usually indisposed, he went through his part with great difficulty. Once during the performance the company could not but see that he was convulsed, but he passed it off with a forced laugh. When it was over he left the stage, saying to his friends, "The cold is killing me." He was wrapped up warmly, and his chair man sent to convey him to his home. No sooner was he in bed than he was seized with a violent fit of coughing, which brought on a hemorrhage, and he died before his wife could reach his side. His last words were to assure his friends that the hemorrhage was not alarming in any way and urging them to take courage.

FFICULT TASK.

Particular Man's Hair ers the Barber.

know, one of the most diffi- in this business," said the as he ran the comb through the rbrush, "is in the matter of combing customer's hair? It is a rather singu- r fact that you will find few barbers who have succeeded in solving the problem of combing a customer's hair just as he wants it, no matter how long the man may have been a patron of his chair. Of course there are a few exceptions to this rule. There are a few men in the world who do not care whether their hair is combed at all. With this class of men of course it doesn't make much difference how the barber combs the hair. But at least ninety out of every hundred men who patronize barber shops are very particular about the way you comb their hair unless you have inspired them with an extraordinary confidence. Unless, in fact, they have a better opinion of the barber's judgment than they have of their own the barber will miss the mark when he comes to put the finishing touches on the hair. The reason for this is not altogether a matter of vanity. There are a great many men whose looks are completely altered by a change in the way the hair is combed. Take the man, for instance, who is in the habit of parting his hair on the side, and part it in the middle, or the man who is in the habit of combing his hair down and parting it on one side—suppose you roach or pompadour the hair—can you not see what changes would follow in the general appearance of the man? This fact has much to do with making the combing of a man's hair a matter of much difficulty, and I do not exaggerate when I say it is one of the barber's hardest tasks."—New Orleans Times-Democrat.

ROME VERSUS PARIS.

When the Eternal City Was the Art Center of the World.

There was a time when Rome was the world's art center. No artist's education was considered complete unless he spent some time in that city. There was always to be found there a coterie of strong men, many of them famous, in whose society the tyro might mingle and gain much by the companionship. That day has gone by, however, and a change has taken place. Paris has usurped the prerogative of the old city, and it is to her that the world now turns for new ideas of art. The Italian galleries remain, the masterpieces hang in their accustomed places, the sky is as blue, the air as soft and the outlook as lovely, but the glory of Roman art life has departed. The humanity that gave the art impetus, the interest to the student, has betaken itself from the Seven Hills to the peaceful Seine, where it flourishes in the wilder, more luxuriant growth, nurtured by the hothouse forcing of fin de siecle ideas, untrammeled by convention or tradition. For good or bad—and the judgment must be left to the reader—the fact remains that today Paris is the hub about which the wheel of art revolves.

Yet from Paris there go annually to the Italian capital a number of young men, winners of the annual competitions for the prize of Rome, to spend four years in the most idyllic manner as guests of the French republic at the Villa Medici, a beautiful palace owned by the government and specially arranged for their reception. These men have not won their spurs without hard work, without great preliminary training and many struggles.—Arthur Hoeber in Century.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. J. W. McCollum & Co.

SWISS SCHOOLS.

The Course of Study and the System of Training.

The education given in the schools of Switzerland is in many respects more comprehensive and practical than that offered in our curriculums. The girls, for instance, are taught not only to read and write and spell, but to cook, to wash, to sew, says the Housekeeper. In addition to being trained for the duties of homemaking and housekeeping, each girl is taught some useful trade. Many of the pupils are daughters of rich parents, and there is little likelihood of their ever having to earn their own living, but the paternal government takes the view that every member of society should possess the ability to be self supporting even though the necessity to exercise that ability should never arise. No expense has been spared in equipping the schools of Switzerland for the teaching of domestic science.

The boys, too, have not been neglected in the Swiss system of education. Physical culture and manual training have prominent places in the curriculum, and every boy on leaving the public school is equipped to earn his own living. Fads and frills are absent from the Swiss schools. The hard headed taxpayers want to see some return for their money. They demand that the education for which they pay shall be practical and useful in after life. Are they not right?

WHO IS INSANE?

No One or Every One, According as We Ask the Question.

Who is insane? No one or every one, according as we ask the question. No one in an asylum will admit that he or she is insane. Each in turn would resent such an insinuation. Certainly no one out of an asylum will assent to the charge of being insane. And yet both parties readily recognize the insanity of others. An intelligent old lady, once the head of a ladies' seminary, wished me to discharge her from an asylum, alleging that all the patients in the hall believed her sane. Seven women were privately asked their opinions as to her sanity, and all declared that she was very insane, while asserting their own sanity. When informed of the result of the test the old lady accurately described the special peculiarities of each of her accusers. So in every community the private gossip is much concerned about those who are called "strange," "peculiar," "deranged," "unbalanced," "light headed," "a little off," "out of gear," "wrong in the upper story," "cranks." Few if any escape for a lifetime one or the other of these epithets. Without as within the asylum no one recognizes his or her own mental deviations, but readily detects the mental aberrations of others.—Stephen Smith, M. D., LL. D., in Leslie's Magazine.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Preservation of Meat.

Meat is commonly preserved by steeping it in brine. This method, however, has the undesirable effect of extracting from the meat much soluble nutritious matter besides rendering the meat harder and less digestible. Another way of preserving it is in air-tight cases. The cases are packed with meat and filled up with gravy and are then hermetically sealed except at one point. They are then exposed to heat above that of boiling water for several hours, thus destroying all the existing germs and driving out all the air contained in them. The open part is then soldered over. If by any accident the tin is not hermetically sealed the meat will spoil.—American Queen.

Kneeling Horses.

In ancient times, before the invention of stirrups and luxurious saddles, horses were taught to kneel to permit their riders to mount. A beautiful Greek vase in one of the museums in St. Petersburg shows a war horse of many centuries ago kneeling low before an amazon. The riders in those days mounted from the "off" side in contradiction to the modern usage. Plutarch tells how in the first century of this era certain effeminate Roman riders found even the horse block of too little assistance and had their horses trained to kneel to them.

Thinking and Doing.

I have been a great deal happier since I have given up thinking about what is easy and pleasant and being discontented because I could not have my own way. Our life is determined for us, and it makes the mind very free when we give up wishing and only think of bearing what is laid upon us and doing what is given us to do.—George Eliot.

A Witty Diagnosis.

The object of the duel is said to be the healing of wounded honor. To try to cure a wound of the spirit, or, rather, the temper, by a scratch on the skin savors of homeopathy, but may perhaps be justified by the surgical principle of relieving tension by incision.—British Medical Journal.

Homemaking.

Men do not make their homes unhappy because they have genius, but because they have not enough genius. A mind and sentiments of a higher order would render them capable of seeing and feeling all the beauty of domestic ties.—Wordsworth.

Unimportant Man.

Many a man goes away from home for a week and imagines that he is missed by the whole community, and when he comes home he finds that there isn't a person in town that knew he had been away.

So work the honeybees, creatures that by a rule in nature teach the act of order to a peopled kingdom.—Shakespeare.

A Bad Scare.

Some day you will get a bad scare, when you feel a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, biliousness, costiveness, etc. Guaranteed at all druggists'; only 25c. Try them.

N. J. Williams of Bell, one of the leading merchants of that progressive town, was transacting business in this city yesterday.

Division Superintendent H. A. Ford of the Atlantic Coast Line departed yesterday for an official visit to points on his division in South Florida.

Lorenzo Taylor, formerly of Alachua but now residing in Jacksonville, was at the Brown House yesterday. His old friends were glad to see him again.

Wanted, Boarders—Four working men at $10 a month. Also give meals at $2 a week. Meals any time from 5 in the morning until 7 at night. Mrs. John Bennett, propr., 409 Plaza st. 3t

Mrs. Munsinger of Windsor yesterday was shopping in the city. Mrs. Munsinger has been for twenty-one years a resident of Windsor and for the past few years has been the efficient postmistress at that place.

George Byles of Windsor, one of the leading and most successful merchants in that section, was a business visitor to this city yesterday. He reports plenty of rain, with crop prospects very bright. The cotton is especially fine.

Chas. Paxon of Jacksonville, commercial agent of the Seaboard Air Line, returned to that city yesterday, after a few days spent in this section in the interest of his line. Mr. Paxon is regarded as one of the most successful young transportation men in the State.

Friends of Captain Charles R. Carter, one of the popular conductors of the Atlantic Coast Line who recently had the misfortune to sprain his ankle, will be pleased to learn that the patient is rapidly improving, and will be enabled to resume his duties in a few days. By this accident Mr. Carter was incapacitated for duty for several days.

Among the visitors to this city is Mrs. R. D. McDonald, an estimable lady of DeLand, who is a guest of her daughter, Mrs. Arthur Voyle. She expresses herself as being well pleased with Gainesville, which she declares to be one of the prettiest little cities she has ever visited. Mrs. McDonald has made many friends during her sojourn here.

Mr. and Mrs. J. A. Rosborough and daughter, Miss Lillian, have gone to Augusta, Ga., Columbia, S. C., and other points, where they propose to remain for several weeks. At Augusta they will be the guests of Dr. W. F. Rosborough. They propose to spend a while at Ridgeway, S. C., their old home, before returning to Windsor. Friends wish them a pleasant sojourn.

J. N. Bone has received through the S. J. Thomas Company a fine gasoline engine manufactured by the International Harvesting Machine Company of Chicago, which he will use in his wood yard. The S. J. Thomas Company appear to be doing a fine business in International machinery, as they have received within the past few days three solid carloads of machinery from this firm, comprising gasoline engines, hay presses, harvesters and binders.

A. McDavid and son, Richmond T. McDavid, were in the city from La-Crosse yesterday. These gentlemen are among the most widely known citizens and most successful farmers of their locality. They report that the farmers have been blessed with an abundance of rain recently, with the result that crops are looking fine, and promise a good yield. Mr. Richmond T. McDavid is a supervisor of the Cooter Pond school, which is one of the best country schools in the county.

County Commissioners Dampier, Osteen and Pedrick arrived in the city yesterday from Orlando, where they have been in attendance at the annual State Convention of the County Commissioners and Good Roads Association. They report a most interesting and beneficial meeting and cannot say too much for the good people of Orlando and the hospitable manner in which they were treated by the good people of that progressive city. They were very much impressed with the good roads in Orange county.
